### PROFESSIONAL SUMMARY

I have MS degree in computer-integrated technologies and over 7 years of experience in IT sphere. My goal is to develop myself as a manual QA engineer with the switchover to an automated QA engineer.

Understanding of QC processes, requirements, methodology, testing types/approaches, etc. Creating test documentation (test cases, test plans, checklists). Practical skills in testing Web, Mobile, and API.

I am friendly, disciplined, determined, have a great desire to learn new things and acquire new skills. I will use my skills and experience to solve serious problems, and to test all possible and impossible scenarios of user behavior when working with a software product.

### TECHNIKAL SKILLS

#### RDMBS/Database servers

- MS SQL Server
- SQL Server

#### Tools and Technologies

- HTML/CSS
- XML/JSON
- Java
- Java SDK
- Maven
- Selenium IDE
- Selenium WebDriver
- XPath
- Rest API
- TestRail
- Postman

#### Other

- Kanban
- Waterfall

#### Operation System

- Microsoft Windows XP/7/8/10
- MacOS
- Linux (Ubuntu)

- Fiddler
- JMeter
- Git/GitHub
- Jira
- IntelliJ IDEA
- Mantis
- Redmine
- Putty
- OSI protocols (TCP/IP, UDP, HTTP, DHCP, IPv4, SSH, Telnet)
- Cisco Network Assistant
- Wireshark

### EXPERIENCE

- Network engineer, Khmelnytskyi Nuclear Power Plant (2014 - 2019);  
Experience with troubleshooting OSI Layer 1-4 technologies, subnetting and network addressing, configuration and installation of LAN electronics
- Electronical engineer, Khmelnytskyi Nuclear Power Plant (2013 - 2014);  
Solution problems and repair PC/printers

- Typesetter for a newspaper, advertising designer. Newspaper “Netishyn Advertisement’s” (2012 - 2013); Create Newspaper/advertising
  - HTML/CSS coder, LLC “Miritec” (2010 - 2012).
- 

## EDUCATION

- Master's Degree in Computer-Integrated Technology and Manufacturing (2011);
- Bachelor’s Degree in automation and computer-integrated technologies (2010);
- Apprenticeship “Automation QA. Java with Selenium”, Valeriya Fed (2022)
- Apprenticeship “Testing of web and mobile application”, NoLimit. School (2022);
- Certificate of completion “The fundamentals of Software Testing”, QATestLab (2020), 149.65 points
- Certificate of completion “The fundamentals of Software Testing”, Prometheus/Lviv IT School (2020);
- Certificate of completion “Interconnecting Cisco Networking Devices v 3.0 Part2” (2019);
- Certificate of completion “Interconnecting Cisco Networking Devices v 3.0 Part1” (2019);
- Certificate of completion “Managing Cyber Risks” (2018);
- Certificate of completion “Java programming basics” (2011);
